Edit *S^k*nowledge Observations

To modify or delete an observation that you have submitted, follow the following 3 steps:

STEP 1:

On the [interactive map](#), **zoom to the point** you want to modify or delete. **Click on the point**, then **click 'Browse Features'**.

STEP 2:

Use the arrows at the top of the pop-up box to click through the observations until you see the one that you want to modify or delete. Then, **click 'Report Data Issue'** in the bottom right corner of the pop-up box. Take note of the **observation ID number**. A new window will open in your web browser.

STEP 3:

Type in the ID number from the pop-up box in step 2 if it's not already there. Next, **select the type of change** you are requesting. **Record the correct value** in the text box if you have an updated value to report. Then, **click 'Submit'**. We'll modify or delete the record as soon as possible.
