

# The Water Cycle

By: \_\_\_\_\_

Label the water cycle using the words in the table.

<b>Precipitation</b>
<b>Snow</b>
<b>Rain</b>
<b>Evaporation</b>
<b>Evapotranspiration</b>
<b>Condensation</b>
<b>Water Vapour</b>
<b>Ice &amp; Snow</b>
<b>Runoff</b>
<b>Surface Melt</b>
<b>Groundwater</b>
<b>Surface Water</b>

The arrows show the direction of water flow.

Water can exist in three states:

**SOLID, LIQUID, GAS**

Using 3 different coloured pencils/markers, colour each word in the water cycle diagram to match the state of water it is.
